Persona:

Goal: Get a personal prepaid card, manage pocket money independently, and make digital payments without relying on parents

ACTION	Downloads & Signs Up	Links Parent & Gets FamCard	Makes First Payment	Explores Savings & Rewards	Returns for Daily Use
TASK LIST	A. Hears about FamPay from a friend at school B. Downloads from Play Store / App Store C. Enters phone number, verifies OTP D. Submits basic details (name, age, class)	A. Sends invite link to parent for approval B. Parent installs app & completes KYC C. Parent loads ₹2,000 pocket money D. FamCard (numberless) is ordered & delivered	A. Copies card details from app for online purchase B. Buys a Spotify subscription using FamCard C. Transaction confirmed, notification sent to parent D. Earns FamCoins for the purchase	A. Opens the savings feature (Keeper) B. Creates a goal — 'Art Supplies ₹1,500' C. Deposits ₹500 toward the goal D. Checks FamCoins balance and available rewards E. Browses DigiGold as an investment option	A. Receives pocket money reload notification B. Splits lunch bill with friends via UPI C. Checks monthly spending breakdown D. Redeems FamCoins for a gift card E. Recommends FamPay to another classmate

FEELING ADJECTIVE	Excited & Curious — thrilled to finally get 'her own card' like an adult, but slightly nervous about whether parents will approve the app	Reassured & Impatient — relieved that the parent-linking process is secure and transparent, but frustrated by the wait for KYC approval and physical card delivery	Delighted & Empowered — the first successful online payment feels like a milestone of independence; the instant notification to parents adds a sense of accountability	Interested but Confused — the savings goals feature is motivating, but the FamCoins rewards section feels cluttered with irrelevant options that don't match her interests	Habitual & Confident — daily payments become second nature; she appreciates the spending insights but wishes the app offered more personalised budgeting tips
IMPROVEMENT OPPORTUNITIES	Add an interactive onboarding tutorial showing how the numberless card works, how UPI payments function, and what FamCoins can be redeemed for — reduce first-time anxiety	Streamline the KYC process with real-time status tracking and estimated delivery time for FamCard; allow temporary virtual card use while waiting for the physical card	Provide a 'first purchase celebration' animation and a beginner tip explaining how to safely use card details online — build confidence for first-time digital buyers	Introduce age-appropriate reward categories (gaming, streaming, stationery) and a 'recommended for you' section based on spending history; show clear FamCoin-to-value conversion	Offer a weekly spending summary with visual charts and simple budgeting tips tailored for teens; add a streak-based savings challenge to maintain engagement
